Rituals by Monoï Spirit

Monoï Spirit Rituals presents 4 product concepts –
4 creative keys to bring you
to the heart of the Tahitian world and inspire the formulation
of original beauty and wellbeing rituals.

Monoï de Tahiti, a prodigious preparation of fresh
Tiare Tahiti flowers in refined coconut oil, is a cult
regenerative product for the body and soul.

monoi
WHITE

The suave fragrance of the Tiare flower deliciously unwinds the soul and awakens the senses. It is the prelude to a marvelous ritual where the skin opens up to a delicate and sensuous caress - delivering the full softness and radiance of the snowy white flower in the Pacific sun.

Purifying mousse with Tiare flowers

An unctuous and fine mousse to gently cleanse the skin - rebalance and clarify the complexion. Monoi de Tahiti, a silky Tiare flower extract, soothes sensitive skins. It is associated with the lightening properties of a Nangka extract for a delicate pure white ritual.

Key ingredients:
Tiare flower extract,
Monoi de Tahiti.

Purifying mousse with Tiare flowers

Phase 1: /100.00%

Monoï de Tahiti* 5.00%
Cocos nucifera oil, Gardenia tahitensis flower

Plantaren 1200 (Cognis) 6.00%
Lauryl glucoside

Proteol OAT (Seppic) 25.00%
Sodium lauroyl oat amino acids

Phase 2:

Water 52.20%
Aqua/Water

Glycerin (SPCI) 8.00%
Glycerin

Whitessence (Lucas Meyer Cosmetics) 1.00%
Artocarpus heterophyllus seed extract,
Maltodextrin, Disodium phosphate,
Sodium phosphate

Geogard 221 (Lonza) 1.00%
Dehydroacetic acid, benzyl alcohol

Lytron 180 AV (Warwick) 1.00%
Sodium styrene/acrylates copolymer

Deymidine Fragrance (Floressence) 0.80%
Parfum/Fragrance

Operating mode:

- 1 – Work at room temperature, or, if needed, slightly heat Monoï de Tahiti to melt it.
- 2 – In the final tank, prepare phase 1, mix slowly to homogenize.
- 3 – In an other tank, prepare phase 2 by mixing the products one after the other.
- 4 – Pour phase 2 into phase 1, mix homogeneously.

S P A

Refreshing mist
with lagoon water

Awaken the body
in the Pacific light, liberate
oneself from one's tensions
in the clear water of a lagoon.
The soul recovers all the vitality
consumed by excessive stress
and over concentration.
Detoxify the body and reconnect
to delicious sensations.

In this bi-phase formula, the water of a
lagoon meets with Monoi oil
a magic encounter where the purifying
softness of Tiare flowers is combined with
the minerals of the South Pacific.
A detoxifying elixir to be enjoyed as a
pure spray of positive energy,
a gorgeous mist of flowers and fresh
exotic fruits to quench the thirst of the
skin and awaken the senses.

Key ingredients:

Monoi de Tahiti,
Tiare floral water, lagoon water,
papaya oil and passion fruit.

Refreshing mist with lagoon water

DEEP REPAIR

Draining pulp with Moorea pineapple

Taurumi Maohi,
the Maohi massage, allows
the body to fully reconnect to
the world. It implies a profound
intimacy between the skin and
plants, between the body and
nature. It is performed with
Monoi de Tahiti which
concentrates the virtues of
Tahitian plants to repair, balance
and sublimate the body and soul.

The skin delights in this luscious pulp –
a exfoliating / draining formula in which
a pineapple extract from Moorea Island
surprises Tamanu powder in the silky
softness of Monoi de Tahiti.

An irresistible preparation for a sublime
silhouette with a Pacific feel.

Key ingredients:
Monoi de Tahiti Umuhei,
Moorea pineapple,
Tamanu powder.

Draining pulp with Moorea pineapple

Phase 1:	/100.00%	Phase 4:	
Water Aqua/Water	QSP	Remoduline (Silab) Aqua/Water, Propylene Glycol, Citrus aurantium amara	3.50%
Carbopol Ultrez 21 (Gattefosse) Acrylates/C10-30 Alkyl Acrylate Crosspolymer	0.15%	Crodarom White Tea GL (Croda) Glycerin, Aqua/Water, Camellia Sinensis	2.00%
Creagel EZ-4 (CIT) Sodium Polyacrylate, Sodium Methyl Lauroyl Taurate, C13-14 Isoparaffin, Laureth-7	2.70%	Cibafast Hliq (Unipex) Sodium Benzotriazolyl Butylphenol Sulfonate, Buteth-3, Tributyl Citrate	0.03%
Dissolvine Na2 (Univar) Disodium EDTA	0.10%	Grapefruit essential oil (MLW) Citrus grandis	0.45%
Glycerin (AMI) Glycerin	2.00%	Phase 5:	
Neosorb 70/70 (SPCI) Sorbitol	1.50%	Tamanu powder* grade 200-500 Calophyllum Tacamahaca	0.25%
Phase 2:		Exfoliator bamboo 500 (Sochibo) Bambusa arundicea	0.20%
Monoï de Tahiti Umuhei* Cocos nucifera oil, Gardenia tahitensis flower, Ananas sativus extract, Ageratum conyzoides, Cananga odorata extract, Ocimum gratissimum, Curcuma longa extract, Santalum austrocaledonicum, Tocopherol	1.00%	Florabead White 28/60 (Floratche) Joboba Esters	20.00%
